The mission of the Agriculture and New York State Horse Breeding Development Fund and the New York Sire Stakes is to promote agriculture through the breeding of horses. To that end the Fund directs the state's premier harness racing program designed to stimulate the breeding, buying and racing of Standardbred horses in New York State. The New York Sire Stakes is the nation's oldest harness racing program of its kind. We believe that these goals can best be accomplished by supporting educational programs, equine research and supplementation of racing purses at New York State pari-mutuel tracks, County Fairs and the Goshen Historic Track. Our authority accepts that by accomplishing our mission we will improve the economic well-being of the Empire State, keep agricultural lands in service producing products of value, preserve open space and increase employment opportunities throughout the whole of New York State.
