Such county fair organization must request such off-site racing by petitioning the Sire Stakes program before May 1, 2026 by e-mail (info@nysirestakes.com) or mail to the Agriculture and New York State Horse Breeding Development Fund, 230 Washington Ave Extension, Suite 101, Albany, NY 12203 stating the unavailability of a track at their fairgrounds and providing a plan of how the agricultural mission as provided for in Article 3 of the Racing, Pari-Mutuel Wagering and Breeding Law, which provides in part for the Sire Stakes program, will be addressed at such off-site location.

The request must also include the race dates which must be scheduled within 72 hours of the originally scheduled race days. If such track is not located in the Association's County, the Association must also include a letter in support from the adjacent county's fair association noting their acceptance to permit such racing on their fair grounds at the time and date specified. IMPORTANT NOTICE

Animal Health Requirements

For Admission to New York State County Fairs

(Part 351 of NYS Agriculture & Markets Regulations, AI-202 1/10)

RABIES VACCINATION:

Rabies vaccination is required for all horses that are 4 months of age or older on the date of admission to the fair. The vaccine must have been administered within 12 months prior to the date of arrival at the fair. The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate.

ACCEPTABLE PROOF OF RABIES VACCINATION:

Acceptable proof of rabies vaccination must include a signed written statement from a Category 2 accredited veterinarian or a valid certificate of veterinary inspection that has the vaccination listed and is signed by a Category 2 accredited veterinarian. Acceptable proof of vaccination must include the name of the product used, the date of administration and the duration of immunity. If the statement of rabies vaccination is included on an Equine Infectious Anemia (EIA) test record, it must be signed separately, in addition to the required EIA test-record signature.

Note: Rabies titers are not acceptable proof of rabies vaccination and cannot be used to meet entry requirements.

NEGATIVE EQUINE INFECTIOUS ANEMIA (EIA) COGGINS TEST:

This test is required for all horses 6 months of age or older. The horse must be accompanied by a valid, negative EIA test record. The sample collection date for the qualifying EIA test must have been on or after January 1, 2020 (for racing in 2021) for New York origin horses. For imported horses, the test must be conducted within 12 months prior to entry. The EIA test certificate must include a complete description of the horse and digital or electronic Coggins test records require three pictures of the horse.

HORSES OF OUT-OF-STATE ORIGIN:

All horses entering New York State from another state must be accompanied by an official Certificate of Veterinary Inspection (CVI). A CVI is not required for horses of New York origin. The interstate CVI is valid 30 days from the date of inspection. During the fair season (July 1 through Labor Day), valid CVIs can be used multiple times for entrance into fairs. The initial entrance into a fair must be within 30 days of inspection. In order for the CVI to be used for a later fair, it must be dated and initialed by a NY state official noting the location of the initial NY fair. A change of health status or a change of eligibility of an animal necessitates the generation of a new CVI.

Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971 or go to <https://agriculture.ny.gov/farming/fairs> for more information.
