INTRODUCTION

Members of the New York State Legislature

The Trustees of the Agriculture and New York State Horse Breeding Development Fund are pleased to present the Fund's 2024 Annual Report.

Agriculture is one of New York's leading domestic economic sectors and the state is noted for its diversity of products, including Standardbred horses. The Fund administers the New York Sire Stakes program, the nation's oldest harness racing program of its kind. The Fund's primary mission is to promote and preserve agriculture through the promotion of horse breeding and the conduct of equine research in New York State.

The performance of New York-bred horses in the breeding shed and, on the racetrack along with demand for them in the auction ring, demonstrate the value of the New York Sire Stakes program. Purses totaled \$12.7 million for New York-bred Standardbreds.

New York Sire Stakes stars showed their skill on all of the state's seven harness tracks and at venues across the country. New York stallions remained among the leading national earners and offspring were highly sought after by breeders. New York-breds continued to garner strong prices at the yearling sales, averaging \$66,378 and \$106,860 at both premier sales in the country, the Standardbred Horse Sales Yearling Sale and the Lexington Selected Yearling Sale, respectively.

As the demand and quality of New York horses continues to be strong, so will the economic and agricultural benefits that the Standardbred breeding and racing industries provide to the State of New York. The Agriculture and New York State Horse Breeding Development Fund will continue to promote and support this progress and is excited to share these results with you.

* Preliminary, subject to adjustment

ECONOMIC IMPACT

OVERVIEW

Standardbred racing and breeding in New York State generates \$655 million annually. Racing at the state's seven pari-mutual harness tracks generates capital investments, local jobs and state and local taxes, while the breeding industry drives yearling auctions in the state and agricultural benefits like purchasing of farm equipment and farm products and preserving working farmlands. A 2012 study found that each racehorse in the state generates \$92,100 in economic impact and 80 jobs are created for every 100 horses. Both the breeding and racing of Standardbreds in the state are interconnected to generate the largest possible impact on the economy.

As you can see in the chart (next page), a 2022 ESHHA and USTA study totals the economic impact from the Harness Racing Industry to \$655 million, equating to about 6,500 jobs.

RACING

A state breeding program can only be successful if it attracts the quality of stallions and mares that can produce champions. The excellence of New York-bred horses was on display at racetracks around the country in 2024.

This past year, New York-bred horses excelled both “at home” and “on the road.” Thirty horses earned over \$100,000 in Sire Stakes competition alone, with Sir Pinocchio leading the way, amassing over \$600,000 in earnings and capturing “Horse of the Year” honors at the Annual Awards Banquet. New York-bred Standardbreds stood out among the best at all levels of competition in 2024 and were headlined by two shining stars of the Grand Circuit, Twin B Joe Fresh and Maryland, who garnered National year-end awards as a result.

The success these horses have had should be no surprise as the outstanding breeding program in the state combined with the earnings opportunities provided by the New York Sire Stakes, has drawn owners from across the industry to invest in the exceptional New York yearlings that go to auction each year.

ECONOMIC IMPACT

While breeders and owners hope for a horse that can compete on the national stage for the largest purses, yearling buyers demand a strong Sire Stakes program when selecting a horse to ensure the greatest potential to earn money and New York provides a secure future. A total of \$12.7 million was distributed as purses for New York-bred horses in 2024.

BREEDING

The state’s Breeders Award program incentivizes mares who live in the state for at least 180 days, much longer than it would take to just breed them and confirm pregnancy. This longer stay enhances the economic benefit realized by the state. If the offspring of those “resident” mares perform well in the New York Sire Stakes program, the breeder (owner of the mare at the time of the mating) receives a financial award.

Breeders also generate income from selling offspring at yearling sales. As New York-bred horses continue to be desired by buyers, they will generate strong returns for New York breeders and encourage more investment in the state.

Breeder awards serve as key drivers of economic impact within the industry. These funds flow from breeders contributing to the local economy by spending on routine operational costs and significant purchases, thereby stimulating economic activity.

ECONOMIC IMPACT - HARNESS RACING INDUSTRY

EQUINE RESEARCH

The Harry M. Zweig Memorial Fund for Equine Research honors the late Dr. Harry Zweig, a distinguished veterinarian, and his numerous contributions to the state's equine industry.

In 1979, by amendment to the pari-mutuel racing and wagering law, the New York State legislature created the Harry M. Zweig Memorial Fund for Equine Research to promote equine research at the Cornell University College of Veterinary Medicine.

The Harry M. Zweig Committee was established for the purpose of administering the fund and is composed of individuals in specified state agencies and equine industry positions and others who represent equine breeders, owners, trainers, and veterinarians.

The Fund is proud to support the Harry M. Zweig Memorial Fund for Equine Research. This first-rate research helps to provide protection and preventative planning for the equine industry, which in turn helps to ensure a healthy and positive future for the horse racing industry.

By law the Agriculture and NYS Horse Breeding Development Fund contributes two percent of its yearly revenue to the equine research fund.

New York-bred Twin B Joe Fresh and Maryland earn Dan Patch Awards in 2024

Legendary Hanover

BY TIM BOJARSKI

New York-bred Standardbreds stood out among the best at all levels of competition in 2024 and were headlined by two shining stars of the Grand Circuit, Twin B Joe Fresh and Maryland, who garnered National year-end awards as a result.

Many stories were written about Twin B Joe Fresh (Roll With Joe-Fresh Breeze 1:47.3, \$2,335,765) again this year, as she has already wielded star power for the last two seasons. She completed her 2022 freshman campaign as the fastest (1:48.4) and third richest (\$598,162) 2-year-old pacer in North America regardless of gender, and then came back at three to tie as the third fastest (1:48.2) and richest (\$842,041) 3-year-old female pacer, and third richest overall pacer in North America in 2023.

But her best was yet to come.

Whereas making the transition to competing against older pacing mares can be very challenging for many fillies turning four, that was not the case for Twin B Joe Fresh in 2024 as she recorded her fastest clocking, highest earnings and most single season wins during the year. In her 13 starts she won 11 times while finishing second in the other two, pocketed \$895,562 in purses and set a new lifetime mark of 1:47.3.

Twin B Joe Fresh started a full slate of Grand Circuit events and just about ran the table during the year. She started a nine race win streak in May that included stake victories in the \$100,000 Betsy Ross, \$222,650 Roses Are Red, \$112,500 Perfect Sting, \$140,000 Dorothy Haughton, \$146,000 Lady Liberty, \$100,000 Cleopatra, \$151,700 Milton Stakes and the \$250,000 Dayton Derby. Then after finishing second to Grace Hill in the Breeders Crown elimination, Twin B Joe Fresh won that \$400,000 final and put an exclamation mark on her year with an open length victory in the \$150,000 Fan Duel in November.

Twin B Joe Fresh ended her season as the richest (\$895,562) and fastest (1:47.3, tied with Sylvia Hanover) pacing mare in

North America and those numbers made her the unanimous (142 first place votes) selection to be named the 2024 Dan Patch Older Pacing Mare. And, she is widely considered to be the overwhelming favorite to be named the 2024 Dan Patch Horse of the Year, which has not yet been announced at the time of this writing.

The other New York news-maker was the 2-year-old trotting colt, Maryland (Chapter Seven-Crucial 1:51.4, \$1,227,695), who really hit his stride in August before running off five impressive stake victories to end his freshman season as the richest Standardbred of 2024 in North America regardless of age, gait or gender.

Maryland won his first lifetime start in a \$10,000 Kindergarten stake at The Meadowlands, but then experienced some growing pains. In his next two starts in that same series, he made a break on an off track and then got parked out for the better part of the mile to finish second. Then after being interfered with in the Wellwood where he finished third, Maryland came back to win the \$425,500 final. He then went on to win the \$390,000 Perter Haughton, \$740,000 Mohawk Million, \$700,000 Breeders Crown and \$173,300 Kindergarten final.

Besides finishing as the richest horse in the sport in 2024, Maryland was also the fastest (1:51.4, tied with Gap Kronos S, Luna Lovegood and Memento Mori) 2-year-old trotter in North America regardless of gender.

As a result of his work, Maryland was named the 2024 Dan Patch 2-year-old Colt Trotter of the Year.

A pair of impactful New York-bred 2-year-olds returned at three in 2024 and excelled once again to finish among the best in the business among their peers.

The 3-year-old pacer Legendary Hanover (Huntsville-Lillian Hanover 1:46.2, \$1,088,681) won six of nine starts last year at two while racing exclusively in Ontario until his last outing which was a start in the \$700,000 Breeders Crown where he

2024 RACING REVIEW

did not fare well. In 2024 he also won six races but he was a regular on the Grand Circuit. Legendary Hanover won two overnights and got checks in several stakes early in the year, but a couple of big weeks really launched him to the front page after back-to-back record starts.

First he won the \$650,000 Meadowlands Pace in a lifetime best and stake record 1:46.3. Then three weeks later at the same venue, Legendary Hanover won the \$248,000 Cane Pace in 1:46.2, lowering his lifetime best again while setting both track and stake records, and just missed the world record for 3-year-olds of 1:46.1 by only one-fifth of a second.

Legendary Hanover ended the year as the third richest (\$785,567) 3-year-old pacing male of the year but more importantly, was the fastest overall pacer of 2024 in North America regardless of age or gender.

Turning to the trot, 3-year-old filly R Melina (Chapter Seven-Goodtogo Hanover 1:50.1, \$1,191,874) had a nice freshman year in 2023 with multiple stake wins that helped her finish as the third fastest (1:53.1) and third richest (\$374,405) 2-year-old trotting filly in North America. But 2024 would see her really come on to post some gaudy numbers.

R Melina won four legs of the New York Sire Stakes as well as the \$225,000 final to become an Empire State champion. But she also won the \$125,000 Del Miller, a \$50,000 elimination of the Hambletonian Oaks and the \$301,550 Kentucky Filly Futurity before closing out the year finishing second in an elimination and the final of the \$600,000 Breeders Crown and \$146,050 Matron Stake. She ended the year as the richest (\$817,469) 3-year-old trotting filly and third richest overall trotter in North America. She also ended the year as the fastest (1:50.1) 3-year-old trotting filly (tied with the New York-bred Date Night Hanover and Woman Of Passion) and the second fastest overall trotter regardless of age or gender behind only Sig Sauer (1:49.3), who was named the 2024 Dan Patch 3-year-old Colt Trotter of the Year.

There were four other juveniles who earned in excess of a half million dollars each in 2024 and ranked among the best in the business as well.

The 2-year-old trotting colt Super Chapter (Chapter Seven-Lifetime Pursuit 1:52, \$521,260) ended the year as the second richest and second fastest (tied with Sound Judgement) 2-year-old trotter in North America.

Also, 2-year-old pacing filly The Last Martini (Huntsville-Martinique 1:51, \$511,347) finished the year as the third richest 2-year-old pacing filly in North America and was a New York Sire Stake Champion.

Looking at sophomores, 3-year-old trotter Sir Pinocchio (Met's Hall-Lady Cromwell 1:51.4, \$640,902) was the fourth richest

male trotter and Howlenthehills (American Ideal-Arielle Lynn 1:50.1, \$558,280) was the fifth richest male pacer in North America in 2024. Howlenthehills and Sir Pinocchio were also both New York Sire Stake champions last year.

When looking at aged performers, there were some fine examples of the long term viability of New York-sired Standardbreds as several older millionaires from the Empire State were still competing long after their stakes eligibility had expired.

The 4-year-old trotter Chapercraz (Crazy Wow-Chaperess 1:53.4, \$1,012,689) became the newest New York-bred millionaire after he earned \$533,305 in 2024 to push his lifetime total over that mark. His earnings also ranked him fifth among all older trotters in North America.

He joined the likes of 9-year-old pacing gelding Covered Bridge (American Ideal-Stonebridge Kisses 1:48.3, \$1,373,773) who had the second best year of his life in 2024 after he won 8 races and \$241,158 in purses competing against top Open pacers in North America and 10-year-old American History (American Ideal-Perfect touch 1:47, \$1,669,242), whose seven wins earned him in excess of \$100,000 last year.

Raising the bar even higher was the venerable 14-year-old trotter JL Cruze (Crazed-Topcat Hall 1:49.4, \$2,000,236) who won 10 more races in 2024 and \$105,930 in purses and those earnings vaulted him to the high distinction of becoming a double millionaire.

New York's top stallions for both gaits put up big numbers again in 2024.

On the trot, Chapter Seven had 71 2-year-old starters earn \$5,364,164 (those earnings that were more than double his nearest competitor) and 67 3-year-olds make \$5,529,514. That placed him first in earnings among all trotting stallions in North America. His 223 combined all-age starters in 2024 earned a total of \$13,912,000, ranking him number again one overall.

On the pace, Huntsville saw 79 of his 2-year-old starters earn \$3,160,947 and 85 of his 3-year-olds make \$4,464,133 ranking him second and fourth respectively among his North American peers for purses earned. His 309 all-age starters earned a combined \$10,132,810 ranking him fifth in the overall category.

The demand for New York stallions continues to grow year after year as the performances of their offspring make breeding to them more profitable. And the notoriety Empire State Standardbreds received last year alone, will definitely help drive their value and demand well into the future.

NEW YORK SIRE STAKES PROGRAM

NEW YORK SIRE STAKES

The most talented NY bred two- and three-year-olds vie for enhanced purses at pari-mutuel tracks throughout the state.

EXCELSIOR SERIES

A second-tier program designed for late blooming two- and three-year-olds, with multiple legs leading to a lucrative final for the leading point earners in the series. Part of the Excelsior series includes the State Fair series pari-mutuel meet that features two- and three-year-old races for New York-bred trotters and pacers. Additionally, three-year-old races are held at Goshen Historic Track.

COUNTY FAIR SERIES

Championship races at each age and gait give New York State's local summer fairs a unique twist. It's the best "earn as you learn" program in Sire Stakes racing with non pari-mutuel racing at more than 19 agricultural fairs throughout New York State.

BIG APPLE TROT AND PACE

New in 2025, 2 year old races featuring purses totaling \$1 million. To be held October 11, at Vernon Downs.

The New York Sire Stakes is the state's premier harness racing program designed to promote the breeding, buying and racing of Standardbred horses in New York State. The New York Sire Stakes is the nation's oldest harness racing program of its kind.

INDUSTRY COMMENTS

“ NY wanted to stay at the top of the game for the Sire Stakes and I think the changes that we’ve implemented make us second to none.

Steve Jones, Agriculture and New York State Horse Breeding Development Fund Trustee and Breeder ”

“ The camaraderie of the sport is great, everybody is willing to help each other, if you need anything people jump to help you. That is the great thing about the sport we all work as individuals but we survive as a team.

Jared Bako, Driver ”

“ You don’t get many better programs than this, they go for big money, and they have good horses too they control the race in the grand circuit as well so it’s a really great program.

Doug McNair, Driver ”

“ As I reflect on another racing season, what an exciting summer it was! Many of the County Fairs took advantage of the grant program offered by the NYSS to improve their tracks, which in turn improved the safety for the equine athletes and their drivers. I am very thankful to be a part this of dedicated group that is planning a solid path for the future of the fairs. Looking forward to meeting the two-year olds in the spring!

Patty Bruno, New York Sire Stakes ”

“ Harness Racing is a lot more like a family, if somebody is in trouble people come together and help the other person out.

**Victoria Stratton
Owner, Trainer, Driver** ”

“ I’d recommend that everybody should get a little piece of a horse because you’re not going to regret it. It’s something that will make you get up in the morning, and take your kids with you.

Roman Lopez ”
