INTRODUCTION

Members of the New York State Legislature

The Trustees of the Agriculture and New York State Horse Breeding Development Fund are pleased to present the Fund's 2025 Annual Report.

Agriculture is one of New York's leading domestic economic sectors and the state is noted for its diversity of products, including Standardbred horses. The Fund administers the New York Sire Stakes program, the nation's oldest harness racing program of its kind. The Fund's primary mission is to promote and preserve agriculture through the promotion of horse breeding and the conduct of equine research in New York State.

The performance of New York-bred horses in the breeding shed and on the racetrack, along with demand for them in the auction ring, demonstrate the value of the New York Sire Stakes program. Purses totaled \$14.4 million for New York-bred Standardbreds.

New York Sire Stakes stars showed their skill on all of the state's seven harness tracks and at venues across the country. New York stallions remained among the leading national earners and offspring were highly sought after by breeders. New York-breds continued to garner strong prices at the yearling sales, averaging \$79,425 and \$89,947 at both premier sales in the country, the Standardbred Horse Sales Yearling Sale and the Lexington Selected Yearling Sale, respectively.

As the demand and quality of New York horses continues to be strong, so will the economic and agricultural benefits that the Standardbred breeding and racing industries provide to the State of New York. The Agriculture and New York State Horse Breeding Development Fund will continue to promote and support this progress and is excited to share these results with you.

STATEMENT OF REVENUE, EXPENSES & CHANGES IN ASSETS

	Budgeted Year Dec 31,2026	Year Ended* Dec 31,2025	Year Ended Dec 31,2024

ECONOMIC IMPACT

OVERVIEW

Standardbred racing and breeding in New York State generates \$655 million annually. Racing at the state's seven pari-mutual harness tracks generates capital investments, local jobs and state and local taxes, while the breeding industry drives yearling auctions in the state and agricultural benefits like purchasing of farm equipment and farm products and preserving working farmlands. A 2012 study found that each racehorse in the state generates \$92,100 in economic impact and 80 jobs are created for every 100 horses. Both the breeding and racing of Standardbreds in the state are interconnected to generate the largest possible impact on the economy.

As you can see in the chart (next page), a 2022 ESHHA and USTA study totals the economic impact from the Harness Racing Industry to \$655 million, equating to about 6,500 jobs.

RACING

A state breeding program can only be successful if it attracts the quality of stallions and mares that can produce champions. The excellence of New York-bred horses was on display at racetracks around the country in 2025.

New York-breds excelled both “at home” and “on the road” this past year. Thirty-one horses earned more than \$100,000 in Sire Stakes competition alone, led by My Debt Collector, who amassed over \$430,000 in earnings. New York Sire Stakes introduced a new stakes race for 2-year-olds, the Big Apple Trot and Pace, which will continue through the 2026 season, further demonstrating the ongoing commitment to growth and excellence.

The success these horses have had should be no surprise as the outstanding breeding program in the state combined with the earnings opportunities provided by the New York Sire Stakes, has drawn owners from across the industry to invest in the exceptional New York yearlings that go to auction each year.

ECONOMIC IMPACT

While breeders and owners hope for a horse that can compete on the national stage for the largest purses, yearling buyers demand a strong Sire Stakes program when selecting a horse to ensure the greatest potential to earn money and New York provides a secure future. A total of \$14.4 million was distributed as purses for New York-bred horses in 2025.

BREEDING

The state's Breeders Award program incentivizes mares who live in the state for at least 180 days, much longer than it would take to just breed them and confirm pregnancy. This longer stay enhances the economic benefit realized by the state. If the offspring of those "resident" mares perform well in the New York Sire Stakes program, the breeder (owner of the mare at the time of the mating) receives a financial award.

Breeders also generate income from selling offspring at yearling sales. As New York-bred horses continue to be desired by buyers, they will generate strong returns for New York breeders and encourage more investment in the state.

Breeder awards serve as key drivers of economic impact within the industry. These funds flow from breeders contributing to the local economy by spending on routine operational costs and significant purchases, thereby stimulating economic activity.

EQUINE RESEARCH

The Harry M. Zweig Memorial Fund for Equine Research honors the late Dr. Harry Zweig, a distinguished veterinarian, and his numerous contributions to the state's equine industry.

In 1979, by amendment to the pari-mutuel racing and wagering law, the New York State legislature created the Harry M. Zweig Memorial Fund for Equine Research to promote equine research at the Cornell University College of Veterinary Medicine.

The Harry M. Zweig Committee was established for the purpose of administering the fund and is composed of individuals in specified state agencies and equine industry positions and others who represent equine breeders, owners, trainers, and veterinarians.

The Fund is proud to support the Harry M. Zweig Memorial Fund for Equine Research. This first-rate research helps to provide protection and preventative planning for the equine industry, which in turn helps to ensure a healthy and positive future for the horse racing industry.

By law the Agriculture and NYS Horse Breeding Development Fund contributes two percent of its yearly revenue to the equine research fund.

Super Chapter, Twin B Joe Fresh top 2025 list of New York-bred standouts

BY TIM BOJARSKI

A pair of harness racing elites bred in New York were named recipients of the prestigious Dan Patch Award as a result of outstanding 2025 performances in their respective divisions. This national recognition presented by the United States Harness Writers Association focused the spotlight on Super Chapter and Twin B Joe Fresh, in a year that saw a total of 10 Empire State-bred trotters and pacers earn in excess of \$500,000 each while topping performance lists in many categories.

Super Chapter (Chapter Seven-Lifetime Pursuit, 2025-\$1,236,099, 1:50, LT-\$1,757,359, 1:50) was named the 2025 Dan Patch 3-year-old male trotter after producing outstanding performances and lofty numbers.

Super Chapter was by far the top money-earning 3-year-old trotter after hitting the board in 13 of 14 races with nine victories. The colt's wins included the MGM Yonkers Trot and Earl Beal Jr. Memorial, where his 1:50 clocking at Mohegan Sun Pocono Downs set a world record and made him the fastest 3-year-old trotter ever over a five-eighths-mile track. In addition to his wins, Super Chapter also finished second in the Hambletonian and Breeders Crown.

At the end of the year, Super Chapter was the second highest money earner in North America regardless of age, sex or gait and the highest earning 3-year-old regardless of sex or gait. And his record 1:50 clocking made him the third fastest 3-year-old trotter and eighth fastest trotter overall in 2025.

Super Chapter was bred by Hanover Shoe Farms.

Twin B Joe Fresh (Roll With Joe-Fresh Breeze, 2025-\$526,714, 1:47.3, LT-\$2,862,359, 1:47.3) was named the 2025 Dan Patch Older female pacer of the year, making it the second consecutive year she has won that award. After winning six major stakes last year, Twin B Joe Fresh came back in 2025 and won six of nine starts including the Roses Are Red, Dayton Distaff Derby, Milton, and Dorothy Haughton Memorial stakes.

That made her the richest aged pacing mare in North America and fifth richest aged pacer overall in 2025. The mare's 1:47.4 score in the Milton equaled the fastest mile ever by a female pacer in Canada and her 1:47.3 win at Lexington made her the second fastest older pacing mare in North America for the year.

Twin B Joe Fresh was bred by Brittany Farms.

Dandy Ideal (American Ideal-OK Heavenly, 2025-\$936,782, 1:48, LT-\$1,074,257, 1:48) was the second highest earning New York bred of 2025 and was a standout performer among all 3-year-old pacers in North America last year.

Dandy Ideal won three legs of the New York Sire Stakes as well as the final, while registering the highest points and earnings (150-\$295,550) in his division. But he also won Grand Circuit events including the Hempt, Empire Breeders Classic, Jenna's Beach Boy and Matron. Dandy Ideal also won eliminations of the Breeders Crown and Progress Pace before being narrowly defeated in both finals despite pacing in 1:47.3 and 1:49.4 respectively in those events.

Those efforts made him the eighth highest money earner in North America regardless of age, sex or gait, the third highest earning 3-year-old pacer regardless of sex and the sixth highest earning 3-year-old regardless of sex or gait. And his 1:48 record tied him as the fifth fastest 3-year-old pacer in North America in 2025.

Dandy Ideal was bred by Stephen Dey III and Dandy Farms.

Madden Oaks (Huntsville-Hard Eight, 2025-\$717,335, 1:48, LT-\$733,835, 1:48) was another outstanding 3-year-old pacing star from New York who bounced back from an abbreviated 2-year-old campaign to achieve at the highest levels in his second year on the track.

His first major stake of the season was the North American Cup where he finished second by a head in 1:47.1 to Louprint, who is a front-runner for national horse of the year honors. Madden Oaks followed that effort by winning the Meadowlands Pace in 1:48, which was a new lifetime mark. He then finished second in the Cane Pace, third in the Progress Pace and started in the Breeders Crown final where he was interfered with while making a move at three-quarters.

At the conclusion of 2025, Madden Oaks was the ninth highest earning 3-year-old regardless of sex or gait, seventh highest earning 3-year-old pacer regardless of sex and tied as fifth fastest 3-year-old pacer in North America (1:48).

Super Chapter

Twin B Joe Fresh

Dandy Ideal

2025 RACING REVIEW

Madden Oaks was bred by The Bay's Stable, Polger Holdings, South Mountain Stables and Mark Mullen.

Two other notable pacers in 2025 were 3-year-old filly The Last Martini and 2-year-old colt Fragment, who were both outstanding performers in the NYSS last year.

The Last Martini (Huntsville-Martinique, 2025-\$652,439, 1:49.2, LT-\$1,163,786, 1:49.2) followed up an outstanding 2-year-old campaign with an even better 3-year-old year. She won three NYSS events before taking the final, making her a two-time NYSS champion, while posting the highest points and earnings (191-\$327,190) in her NYSS division last year. But her biggest accomplishment came in the Breeders Crown, where she finished first in a dead heat with Miki and Minnie, who was named the Dan Patch 3-year-old pacing filly of the year.

The Last Martini finished the year as the 11th highest earning 3-year-old in North America regardless of sex or gait and eighth highest money earning 3-year-old pacer regardless of sex.

The Last Martini was bred by Crawford Farms.

Fragment (Huntsville-The Show Returns, 2025/LT-\$585,906, 1:50) was a five-time 2025 winner in the NYSS and capped off that series with a win in the final. He posted the highest points and earnings (295-\$363,479) in his NYSS division on the way to becoming the 2025 Champion. Then later in the year he was a runaway winner in the finals of the Big Apple and Matron Stakes and did compete in the Breeders Crown, finishing second in his elimination before drawing post 10 in the final where he was beaten only five lengths.

As a result of his strong season, Fragment was the sixth highest earning 2-year-old in North America regardless of sex or gait and third highest earning 2-year-old pacer regardless of sex.

Fragment was bred by Steve Stewart, Black Creek Farm, Michael Dean Robinson and South Mountain Stables.

Although Super Chapter was the standout trotter in the state last year, there was no shortage of talent behind him with first and second year stars shining brightly.

Spencer Hanover (Chapter Seven-Secret Passion, 2025/LT-\$649,899, 1:52.3) started off his 2-year-old campaign a little rocky, but still made the NYSS final where he finished fifth. However he turned things around after that start by winning the Big Apple final and the elimination and final of the Breeders Crown, before closing out his year with a narrow second place finish in the Valley victory.

Those late wins made Spencer Hanover the fifth richest 2-year-old regardless of sex or gait, third richest 2-year-old trotter regardless of sex, fifth fastest 2-year-old male trotter and ninth fastest 2-year-old trotter overall in North America in 2025.

Spencer Hanover was bred by Hanover Shoe Farms.

Nezuko Kamado S (Chapter Seven-Zefira Kronos It, 2025/LT-\$549,064, 1:52.4) is another first-year starter who made a big impact on the sport. She won two NYSS divisions before making an untimely break in that final. But then she went on to win the Kentuckiana final, Big Apple final and elimination of the Breeders Crown before finishing third in that final. She then closed out her year with a second in the Goldsmith Maid.

Nezuko Kamado S ended her season as the eighth richest 2-year-old regardless of sex or gait and fifth richest 2-year-old trotter regardless of sex in North America.

Nezuko Kamado S was bred by Courant.

Finally, My Debt Collector (Chapter Seven-Magic Presto, 2025-\$522,834, 1:54.3, LT-\$766,580, 1:54.3) spent her entire summer competing in every leg of the NYSS where she won six out of seven starts while posting the highest points and earnings totals (312-\$434,135) of any NYSS division last year. She then won the final to cap off the series that helped place her as the third highest earning 3-year-old trotting filly and eighth richest 3-year-old trotter regardless of sex in North America last year.

My Debt Collector was bred by Dave McDuffee, Melvin Hartman and Little E and Herb Liverman.

New York's leading Standardbred stallions also ranked at or near the top among all their peers standing in North America once again.

Chapter Seven hit the trifecta nationally as he was the leading sire of top earning 2-year-olds (\$4,536,747), 3-year-olds (\$6,683,404) and all-aged (\$14,368,777) trotters while Huntsville was the second leading sire of the richest 3-year-olds (\$5,705,045), fourth leading sire of 2-year-olds (\$2,628,896) and fifth leading sire of all-aged pacing performers (\$14,408,692) in 2025.

Results like this combined with the recently enhanced New York Sire Stakes prove once again that the Agriculture and New York State Horse Breeding Development program continues to drive the Standardbred industry both in the state and nationwide, and remains one of the finest of its kind in North America.

NEW YORK SIRE STAKES PROGRAM

NEW YORK SIRE STAKES

The most talented NY bred two- and three-year-olds compete for enhanced purses at pari-mutuel tracks throughout the state.

EXCELSIOR SERIES

A second-tier program designed for late blooming two- and three-year-olds, with multiple legs leading to a lucrative final for the leading point earners in the series. Additionally, three-year-old races are held at Goshen Historic Track.

COUNTY FAIR SERIES

Championship races at each age and gait give New York State's local summer fairs a unique twist. It's the best "earn as you learn" program in Sire Stakes racing with non pari-mutuel racing at more than 20 agricultural fairs throughout New York State.

BIG APPLE TROT AND PACE

The Big Apple Trot and Pace for 2-Year-Olds, part of the New York Sire Stakes (NYSS), was held on October 11 at Vernon Downs, showcasing the depth and strength of New York's juvenile racing program. The event drew an impressive 281 total nominations across all divisions, reflecting continued strong breeder and owner engagement and reinforcing the Big Apple event as premier showcases for emerging New York-bred talent. The competitive fields and outstanding performances highlighted the vitality and growing momentum of the NYSS program.

The New York Sire Stakes is the state's premier harness racing program designed to promote the breeding, buying and racing of Standardbred horses in New York State. The New York Sire Stakes is the nation's oldest harness racing program of its kind.

INDUSTRY COMMENTS

“ Thank you for supporting the New York Sire Stakes and our shared mission of growing agriculture throughout the state.

**Ralph Scunziano, Executive Director,
Agriculture and New York State Horse
Breeding Development Fund** ”

“ “I’m a third-generation horse person. Being at the [Night of Champions] is something every owner, trainer, and driver dreams of.”

Todd LaPage, Owner ”

“ I got involved in this business at a young age. The people that [drive at the County Fair Finals], like Jason Bartlett and Jordan Stratton — guys like me can rub elbows with them, and even the little people can go and race to work with the top guys in the sport.

Wade Tomaszewski, Driver ”

“ What a showcase for NY bred horses at the county fair level. It was very rewarding to see the continued growth in the NYSS fair program in 2025. This past year another county fair was added to the schedule, it was a banner year for the number of horses participating, and the county fairs continue to make improvements to their tracks. The racing was both competitive and exciting. With the continued resources that the NYSS have made available, the support of the owners and the trainers, and the participation of the county fairs, the future of racing looks bright for New York County Fairs.

Patty Bruno, New York Sire Stakes ”

“ Being part of the [Night of Champions] is such a fantastic thing for everybody... I’ve won a number of finals, and it just never gets old.”

Ed Hart, Trainer ”

“ The New York Sire Stakes are amazing because the everyday guy has an opportunity to get in, and they get a fair shake at... some decent money and racing at a higher level.

**Rock Vinci
Owner, Trainer, Driver** ”
